WORK EXPERIENCE

Product Designer, National Renewable Energy Laboratory

Golden, CO (Hybrid) | Oct 2023 – May 2026

- Led **end-to-end product design** across **6+ complex SaaS platforms**, translating ambiguous user flows and complex user problems into scalable, intuitive product experiences.
- Took on **de facto product ownership across 3 projects without dedicated PMs** — defining problem statements, prioritizing features, managing scope, and driving stakeholder alignment across engineering and business teams.
- Partnered closely with PMs, engineers, and stakeholders to define requirements and validate solutions through **usability testing, behavioral analytics, and rapid feedback loops**.
- Established cross-team UX standards, a scalable **Material UI-based design system**, and organizational workflows that accelerated product delivery and improved collaboration — **earning the organization's Key Contributor Award**.

UX Designer, DUB Lab at University of Washington

Seattle, WA (Remote) | Jun 2023 – Oct 2023

- Designed mobile product experiences grounded in **generative research, co-design sessions, and rapid design iteration**, translating qualitative insights into **structured interaction flows and scalable feature concepts**.
- Collaborated with researchers and engineers to **align user needs, product direction, and feasibility** within a fast-paced environment.

UX Design Engineer Intern, Pax8

Denver, CO (Remote) | May 2022 – Aug 2022

- Used behavioral analytics and A/B testing insights to redesign and build **10+ mobile-first WCAG 2.1 AA landing pages** – driving **~15% increase in site traffic** and brand engagement for global markets.

Project Manager (Brand & Product), Verite Consulting International

Taipei, Taiwan (Hybrid) | Mar 2021 – Jul 2021

- Facilitated **digital transformation initiatives** for **10+ Taiwanese companies**, aligning business goals, storytelling, and design direction through stakeholder workshops and collaboration.

Digital Marketing Specialist (UX), Inna Organic

Taipei, Taiwan (In person) | Mar 2019 – Aug 2020

- Conducted **competitor analysis and UX pattern analysis** across global e-commerce platforms; translated findings into design decisions driving **130% audience growth** across U.S. and ASEAN markets.

SKILLS

UX Design

Wireframing / Prototyping
User Flows & Scenarios
Interaction Design
Design Systems
Visual Design
Information Architecture
Accessibility (WCAG 2.2)

UX Research

Product Discovery
Generative Research
Usability Testing
Behavioral Analytics
A/B Testing

Front-End Development

HTML / CSS
React.js
Framer / Webflow

AI Tools

Cursor
Claude Code / Cowork
Figma AI
Lovable

EDUCATION

University of Colorado Boulder

Boulder, CO | 2021-2023

M.S. in Human-Computer
Interaction

National Taiwan University

Taipei, Taiwan | 2015-2019

B.A. in Philosophy
